

CLAIMS

1. A protein comprising an amino acid sequence represented by Sequence No. 1, optionally with deletion, substitution and/or addition of at least one amino acid residue therein.

2. A DNA coding for the protein according to Claim 1, or a DNA hybridizable therewith.

3. A cDNA comprising a base sequence represented by Sequence No. 1, or a cDNA hybridizable therewith.

4. A cDNA according to Claim 3 which comprises a base sequence represented by Sequence No. 2, or a cDNA hybridizable therewith.
